

Bicycle Pedestrian Committee  
Meeting Agenda  
Jan 22, 2018

**PRESENT**

---

Donna Bruschi, Dan Lipson, Judy Mage, Matt Pilek, Michael Reade

Meeting called to order at 7:03pm.

1. Joint meeting with the Transportation Implementation Committee (TIC)

---

Our committee members support holding a joint meeting with the Transportation Implementation Committee

2. Proposal for stoplight at Jansen / Cedar Lane / Route 208

---

Our committee members discussed a proposal by David Engel of the Transportation Implementation Committee to advocate for a traffic light at Jansen Road / Cedar Lane / Route 208.

3. Share the Road campaign: DOT and Ulster County

---

The committee members discussed a plan to share the petitions the committee collected – calling for several tangible steps to improve bicycle safety – to Ulster County Executive Mike Hein.

4. 3 foot passing resolution and legislation

---

Judy and Mark Eis met with Kevin Cahill to advocate for a statewide 3-foot passing law.

5. 2006 Transportation-Land Use Project Report: discuss sections relevant to bike/ped policy

---

Mike Reade suggested that members read the Walk Bike Dutchess ( see Chapter 7 in particular [dutchessny.gov/CountyGov/Departments/TransportationCouncil/21810.htm](http://dutchessny.gov/CountyGov/Departments/TransportationCouncil/21810.htm) ): The Pedestrian & Bicycle Plans has a great chapter on how to enact these proposals. We need to choose a first project. First project: have Chris Marx stripe bike lanes on H.W. DuBois with green paint. Second project: make Rail Trail improvements. Third project: install crosswalks that don't require Department of Transportation (DOT) permission.
