**MEMORANDUM**

To: New Paltz Historic Preservation Commission  
From: Peter Karis, RLA, Mohonk Preserve, Inc.  
Date: May 11, 2015  
Re: Certificate of Appropriateness Final Documents – Testimonial Gateway

---

Enclosed please find a complete package of the final drawings and specification documents Commission for exterior building repair and maintenance for the Testimonial Gateway structure.

Regarding one specific response to comments offered by commission members at the April 15, 2015 public hearing, it is the intention of the Preserve to utilize Rosendale Cement for the proposed masonry repointing work. The Note in the center of the bottom center of the page on Drawing A-5 specifically calls for the use of “Rosendale Natural Cement or Naturally Hydraulic Lime Equivalent”.

We look forward to responding to any additional comments offered by the HPC at its Wednesday May 20<sup>th</sup> meeting.

Should you have any further questions or require any further information, please feel free to contact me.

Cc: Historic Preservation Commission  
Michael A. Moriello
