12:00am	Interactive Discussion: recommendations, goals, implementation suggestions

Welcome: My name is Laura Petit, the Recycling Coordinator for the Town of New Paltz. This is an Exploratory session to see where we are right now, and create a road map that will be used for the Zero Waste and Sustainability Action Plan. This will help us by using your expertise to analyze problems or difficulties in order to figure out solutions.

I would like to introduce, Tori Guardino, our ReUse and Recycling Assistant for the Town of New Paltz to discuss the history of sustainability.

- Agriculture
- Climate Change/Carbon Footprint
- Schools/Businesses
- Food
