A) PRE-APPLICATION REVIEW

NAME OF PROPOSED PROJECT: _____
LOCATION OF PROPOSED PROJECT: _____
NAME OF APPLICANT: _____

This Checklist includes the minimum information required before the Planning Board will consider the subdivision application ready for its consideration. However, this Checklist should not be construed to imply that no additional information will be required to qualify for the Board’s review consideration, since unique features of certain properties and certain land uses require more detailed investigation and disclosure than others: For full plan and report requirements, the applicant must refer to applicable regulations, specifications and standards, as detailed in the Town Subdivision Code (Chapter 121) and the related Town Zoning Code (Chapter 140).

Applicants or their professional consultants must fill out this Checklist, certifying that all of the items have been addressed, and attach a written explanation which provides the specific reason why a particular item might not be applicable due to site-specific circumstances. Until all Checklist items have been completed, along with specific explanations for all items not included, the application will not be eligible for the Board’s consideration of Sketch Plan Review. This Checklist (and written explanation of omitted items, if applicable) must be submitted with the **Subdivision Application form** before it can be scheduled for review by the Planning Board.

Additionally, the Applicant must submit a written **Project Description Narrative report**, which concisely describes the proposed project, addressing: 1) its location; 2) the type and purpose of the proposed development; 3) the property’s existing condition and use; 4) the zoning district in which it is located; 5) the scope of the proposed development (i.e., project acreage, number of lots, typical lot size, total area of land disturbance); 6) any potential impact on the immediate area (i.e., aesthetics, drainage, natural resources, compatibility with neighboring uses, etc.), and 7) potential impacts on community services (i.e., school, traffic network, utilities, emergency services, etc.). This required Narrative should be limited to one typewritten page. The required Narrative must be submitted with the Subdivision Checklist (including written explanation of omitted items, if applicable) and Subdivision Application form before the project can be scheduled for review by the Planning Board.

B) PRELIMINARY DOCUMENTS REQUIRED FOR SUBMITTAL: (sheet size shall be 22" by 34", 30" by 42" or 36" by 48", folded to 8 ½" x 11"). All information to be shown at a scale not less than 1" = 100', or larger. When the plan consists of multiple sheets with match lines, a 1" = 200' overall plan must also be submitted.

If plans are being submitted for Conceptual Review or Sketch Plan Review, indicate which items are in compliance at time of submission. Written explanation of any items not provided must be included with narrative. Certain items may not be required at this time. This determination will be made by the Building Department and/or the Planning Board Chairman prior to assigning a date for application review by the Planning Board.

Preliminary approval documents and plans shall ultimately include the following unless specifically waived by the Planning Board upon written request of the applicant.
