Subject: Use of Courtroom

Hi Kathy,

I'm not sure who I need to address this with. The Judges have both already given approval, but I believe I need approval from the Town as well. The location manager for the film "One Percent More Humid" stopped in and would like to use our courtroom to film a scene. He would like to do this on Saturday, August 6, and the Judges would like a Court Officer to be here while they are filming. The location manager, Wolfgang Herting, says they may be able to compensate someone for their time. I will only be willing to allow this to happen if they will pay the Officer to be here. Could you find out how I can go about getting approval from the Town? Thank you!
