

**Joint Resolution on supporting an upgrade to the Ulster County Comprehensive
Emergency Radio System**

Whereas, the Ulster County Emergency Communication System is antiquated;

Whereas, there is concern for the continued and future functionality of this system;

Whereas, an aged Emergency Communications System is prone to failure;

Whereas; the need for immediate and uninterrupted communications is necessary for the safety of our residents and emergency responders;

Whereas, the need for immediate and uninterrupted communications is necessary for the ability for the emergency providers to respond;

Resolve; the Town and the Village of New Paltz lend their support to an Ulster County upgrade to create a seamless emergency communication system.
