9. Calendar review:

Friday evening, October 19, 7:00 PM Project Drawdown will present an overview in a free public Livestream at SUNY New Paltz. In 2017, Project Drawdown mapped, measured and modeled the 100 most substantive solutions to reversing global warming. What is being done to keep our planet liveable. What you and I can do. *We know the solutions. Project Drawdown has done the math. It's not game over. It's game on.*

Location: The Terrace at SUNY New Paltz (the one-story building behind Sojourner Truth Library, on Sojourner Truth Way).

Public Parking: Lot 3, between the Terrace and the Library

Tuesday, October 23, 2018, at 7 pm.

“Climate Change: What *Should* We Do, What *Can* We Do, What *Will* We Do?”
Reformed Church Education Building, Huguenot Street, You are invited to a slideshow and a discussion of the latest science regarding climate change as well as local actions people can take in the face of mounting concern over worldwide rising temperatures.

Friday, October 26th Solar Tour 9:45-3:15

Monday, November 19th, 7:00 Next Task Force Meeting

10. Other announcements...
