

Supervisor,

Please put on you agenda to approve funds from our seized account for the purchase of an administrative vehicle. This will replace the Audi that we seized and used for a few years. We are looking to purchase a Ford Fusion or similar type vehicle that is Hybrid and will purchase through the auction as we did with my vehicle. We are suggesting up to \$20,000.00 for a used vehicle with low miles that will still have factory warranty.

Thank you in advance.

Supervisor,

Please put on you agenda to approve funds from our seized account for the purchase of replacing three in car video systems in our patrol vehicles. This is to replace older units that are out of warranty and obsolete. \$16,744.00 is the amount of the purchase order request.

Thank you in advance.
