**REPLACEMENT DIGITAL VIDEO RECORDER**

<b>PROPOSAL SUBMITTED TO:</b> New Paltz Youth Center	<b>BUSINESS PHONE:</b> 845-255-5140	<b>DATE:</b> August 20, 2015
<b>MAILING ADDRESS:</b> P. O. Box 550 New Paltz, NY 12561	<b>JOB NAME/LOCATION:</b> New Paltz Youth Center 220 Main Street New Paltz, NY 12561	<b>CONSULTANT:</b> Trevor Dollard
<b>EMAIL:</b> tinger5140@yahoo.com	<b>ATTN:</b> Jim Tinger	

*Thank you for the opportunity to submit our proposal to replace your digital video recorder. The installation will include the following:*

**4-CHANNEL HIGH DEFINITION 1080P DIGITAL VIDEO RECORDER (HD-DVR):**

CIA will replace non-functioning DVR with one (1) 4-Channel, High Definition, 1080P, Digital Video Recorder. This recorder offers the following:

- Independent high-definition analog channels
- Up to 2 IP channels
- Live record frame rates
- Up to 12 TB of storage
- 4 audio inputs
- HDMI/VGA 1080P output
- 4 eSATA interfaces
- 4 alarm outputs; up to 16 alarm inputs
- 2U Rack-mountable case
- Dual streaming for high quality recorded video and low bandwidth video for off-site viewing
- Three-year manufacturer limited warranty
- Ipad/Iphone/Android apps and supports Internet and some MAC remote viewing Graphic User Interface
- **CIA's Video Health Monitoring and Video Verification Integration\*\*\***

**\*\*\* Video Health Monitoring feature is available exclusively through CIA's Security Operations Center. This service is included for the first year at no cost.**

Your high-definition video surveillance server has been custom designed for a maximum of 4 high definition 1080P cameras and has 1TB of storage. The recorder will provide approximately 30 days of video storage at high image quality for your existing cameras.

**OPTIONAL CIA VIDEO SERVICES:**

This DVR has been specifically programmed to integrate with CIA's video management services. These services include remote health monitoring and remote video verification. These services can be turned on or off at any time.

1. The **Health Monitoring Service** checks your DVR every hour to confirm the functionality of all cameras, storage HDD, and the network interface. This service virtually eliminates the prospect of an event occurring and the system being non-functional. Please note that this service requires a reliable broadband connection. This service is provided, as a courtesy, at **no charge for the first year**. The DVR Health Monitoring Services can be continued after the first year for a fee of **One Hundred Fifty Dollars (\$150.00) per year**. Please initial to continue this service.

ACCEPTED \_\_\_\_\_ (PLEASE INITIAL)

**U.L. LISTED INSTALLATIONS • ACCESS CONTROL SYSTEMS • CCTV • CENTRAL STATION MONITORING**  
 Licenses: NY - 12000016988; CT - 105734

**ADMINISTRATION**  
 845-896-9500

**FAX**  
 845-896-8887

**SECURITY OPERATIONS CENTER**  
 845-897-1200

**SERVICE DEPARTMENT**  
 845-897-5550

2. The **Video Verification Service** is a monthly subscription that allows our Service Operations Center to immediately connect to your video system through software automation. In the event of a life safety event, Video Verification allows our Service Operations Center to verify an alarm with live on-site video. Video Verification can be purchased for **Thirty-Six Dollars (\$36.00)** per month. This monthly subscription includes 6 alarm events. After any two consecutive months of over use, a new monthly monitoring expense will be applied to provide adequate coverage.

ACCEPTED \_\_\_\_\_ (PLEASE INITIAL)

NOTE: By purchasing the above High-Definition Digital Video Recorder, you have prequalified your system to support future video verification requirements for life safety events. Video verification is a new technology that many municipalities and police agencies are beginning to require for alarm response. The technology does not work with just any DVR because of required integration at the Service Operations Center. By purchasing this product, you are future-proofing your investment.

**EXISTING CAMERAS AND MONITOR:**

CIA will re-use the existing cameras and monitor. CIA does not guarantee their condition. If cameras or monitor need to be replaced, it will be addressed in a separate agreement.

**POWER SUPPLY AND UPS:**

CIA will re-use the existing power supply and UPS. CIA does not guarantee their condition. If power supply or UPS need to be replaced, it will be addressed in a separate agreement.

**WIRING/CABLING:**

CIA will re-use the existing wiring/cabling to the devices. CIA does not guarantee the condition of the cabling. All cabling is to be free of shorts and ground faults. If wiring/cabling needs to be replaced or if additional wiring/cabling is required, it will be addressed in separate proposal.

---

**INVESTMENT DATA**

---

**\*\*Pricing guaranteed for 60 days\*\***

**PURCHASE PRICE:** The above equipment can be purchased, with a one-year guarantee on parts and labor, for Eight Hundred Dollars (\$800.00) plus sales tax.

**DEPOSIT:** A 50 percent deposit is due when the contract is accepted, and the balance is due within ten (10) days of completion and sign-off of proposed work.

**VIDEO HEALTH MONITORING:** Health Monitoring Services are included for the first year at no charge.

**REQUIRED: VIDEO HEALTH MONITORING EMAIL ADDRESS WHERE ALERTS ARE TO BE SENT:**

\_\_\_\_\_ \*

**\*Please note that client is responsible for management of email account.**

**ELECTRICAL AND/OR BUILDING PERMIT FEES:** Your local municipality may require an electrical and/or building permit(s) be issued and an inspection be requested for this work. *\*Any fees associated with the electrical and/or building permit(s) and inspections are not included in the proposal and will be billed to the owner at that cost.*

**ADMINISTRATIVE EMAIL ADDRESS:**

*By providing your email address, you give CIA Security the permission to send invoice alerts, as well as other administration notifications. In addition, we will send confirmations and reminders of upcoming service appointments that you make. The safety and security of our clients is our primary concern so please be assured that we WILL NOT under any circumstances share/sell your email address.*

**NOTES:**

1. Owner is to furnish the following:
  - a. 120VAC outlet at location of recorder.
  - b. Adequate shelf space for recorder.
2. The NVR is network ready. Owner is to supply a cable modem or DSL connection. For reliable viewing, the broadband connection lines have to provide a minimum of 1500kBps of bandwidth for transmitting video pictures. If the bandwidth is reduced it will greatly impact video quality and speed. CIA cannot be responsible for reduced bandwidth from the broadband supplier. Please check to ensure that your system will be compatible with the broadband service provided and the required bandwidth is available. Static IP address is recommended.
3. Please review the ventilation for your new NVR. Please insure that there is adequate ventilation for the video equipment and/or the rack. The proposed video equipment pulls air through the front of each unit which must be a stable 72 degrees or less and exhausts the warmer air out of the back. The console must be able to exhaust this warmed air to maintain the proper cooling for the equipment. Failure in providing adequate ventilation will result in shorter life expectancies of the proposed equipment. *Client* is responsible for maintaining adequate ventilation and keeping air filters clean.
4. Owner is to furnish a secure location for NVR and all other security related equipment.
5. Any changes in the scope of work will be done on a separate agreement.
6. CIA has provided surge protection on the main power circuit of the video system. There is no guarantee that your system will be free from any spikes or surges.
7. **Firewall & Internet Security:** The owner shall be responsible for providing a reasonable level of network security and supplying all firewall equipment. Please review this requirement with your computer consultant.
8. Guarantee does not cover any network problems or router issues that may occur. Telephone support is available and will be invoiced at our standard service rate. Please have a *Network Administrator* available if you require telephone support.
9. Raceway/conduits may be installed in areas where wire runs cannot be concealed.
10. CIA makes no representations or guarantees as to the condition, usability or type of the existing wiring. If any issues are found, we will address it under separate agreement.
