

JOINT APPLICATION FORM

For Permits for activities affecting streams, waterways, waterbodies, wetlands, coastal areas, sources of water, and endangered and threatened species.

You must separately apply for and obtain Permits from each involved agency before starting work. Please read all instructions.

1. Applications To:
>NYS Department of Environmental Conservation [checked] Check here to confirm you sent this form to NYSDEC.
Check all permits that apply: [checked] Stream Disturbance, [] Dams and Impoundment Structures, [] Tidal Wetlands, [checked] Water Withdrawal, [] Excavation and Fill in Navigable Waters, [] 401 Water Quality Certification *, [] Wild, Scenic and Recreational Rivers, [] Long Island Well, [] Docks, Moorings or Platforms, [] Freshwater Wetlands, [] Coastal Erosion Management, [] Incidental Take of Endangered / Threatened Species
* See Instructions Page 3

>US Army Corps of Engineers [] Check here to confirm you sent this form to USACE.
Check all permits that apply: [] Section 404 Clean Water Act, [] Section 10 Rivers and Harbors Act
Is the project Federally funded? [] Yes, [checked] No
If yes, name of Federal Agency: []
General Permit Type(s), if known: []
Preconstruction Notification: [] Yes, [checked] No

>NYS Office of General Services [] Check here to confirm you sent this form to NYSOGS.
Check all permits that apply: [] State Owned Lands Under Water, [] Utility Easement (pipelines, conduits, cables, etc.), [] Docks, Moorings or Platforms

>NYS Department of State [] Check here to confirm you sent this form to NYSDOS.
Check if this applies: [] Coastal Consistency Concurrence

2. Name of Applicant
Village of New Paltz, New York
Taxpayer ID (if applicant is NOT an individual)
Mailing Address: 25 Plattekill Avenue
Post Office / City: New Paltz, State: NY, Zip: 12561
Telephone: (845) 255-1413, Email: mayor@villageofnewpaltz.org
Applicant Must be (check all that apply): [] Owner, [checked] Operator, [] Lessee

3. Name of Property Owner (if different than Applicant)
Town of New Paltz
Mailing Address: PO Box 550
Post Office / City: New Paltz, State: NY, Zip: 12561
Telephone: (845) 255-0100, Email: supervisor@townofnewpaltz.org

For Agency Use Only Agency Application Number:

4. Name of Contact / Agent
 LaBella Associates, DPC / Joseph M. Fusillo< PE

Mailing Address: 21 Fox Street
 Post Office / City: Poughkeepsie
 State: NY Zip: 12601

Telephone: (914) 269-5611
 Email: jfusillo@LaBellaPC.com

5. Project / Facility Name
 Reservoir Property Wells
 Property Tax Map Section / Block / Lot Number: 78.3-1-7.100

Project Street Address, if applicable: 200 Mountain Rest Road
 Post Office / City: New Paltz
 State: NY Zip: 12561

Provide directions and distances to roads, intersections, bridges and bodies of water
 Located on property bounded by Mountain Rest Road to the east.

Town Village City
 County: Ulster
 Stream/Waterbody Name: Tributary of Kleine Kill

Project Location Coordinates: Enter Latitude and Longitude in degrees, minutes, seconds:
 Latitude: 41° 46' 15.67" Longitude: 74° 07' 49.23"

6. Project Description: Provide the following information about your project. Continue each response and provide any additional information on other pages. **Attach plans on separate pages.**

a. Purpose of the proposed project:
 This project is designed to augment the existing water supply for the Village of New Paltz, New York with an additional 132 gpm source operated under a variable rate permit to aid in supply.

b. Description of current site conditions:
 The project site consists of forest, reservoirs, stream, and a water treatment plant with associated structures.

c. Proposed site changes:
 Installation of four (4) water production wells, four (4) water meter vaults, and water main to connect the raw water to the existing water reservoir system. Withdraw water for purpose of water supply under a variable rate permit, with allowable withdrawal rates ranging from 0 to 132 gpm.

d. Type of structures and fill materials to be installed, and quantity of materials to be used (e.g., square feet of coverage, cubic yards of fill material, structures below ordinary/mean high water, etc.):
 Temporary ground disturbance for water line installation, mainly in uplands, is estimated at a 2.5 foot wide water trench, 6 feet deep for 3,600 LF including disturbance for connection to the water wells with erosion and sediment control measures. Permanent ground disturbance will include construction of a well field. For underground electrical line installation, 2 foot wide trench, 3 feet deep for 1,400 LF.

e. Area of excavation or dredging, volume of material to be removed, location of dredged material placement:
 Assuming trenching as described in (d), +/- 54,000 cu ft (2000 cy) of upland material will be temporarily removed and placed in the trench after installation of the water line. For electrical line (+/- 8,400 cu ft (312 cy). Trench width and depth will vary along with proposed water line alignment and can differ based on site conditions.

f. Is tree cutting or clearing proposed? Yes If Yes, explain below. No
 Timing of the proposed cutting or clearing (month/year):
 Number of trees to be cut: none Acreage of trees to be cleared: none

g. Work methods and type of equipment to be used:

Means and methods will be determined by the contractor.

h. Describe the planned sequence of activities:

The means and methods will be determined by the contractor. Generally 1) install silt fence; 2) grade, excavate trench; 3) install water line, and associated infrastructure, backfill if necessary with excavated materials; 4) stabilize soil as needed; and 5) all temporary locations will be rehabilitated to pre-construction conditions.

i. Pollution control methods and other actions proposed to mitigate environmental impacts:

Erosion and sediment control measures will be implemented to ensure there are no impacts.

j. Erosion and silt control methods that will be used to prevent water quality impacts:

Erosion and sediment control measures will be implemented to ensure there are no impacts. Silt fencing and other erosion and sediment control measures may be used as needed.

k. Alternatives considered to avoid regulated areas. If no feasible alternatives exist, explain how the project will minimize impacts:

The placement of this wellfield and water lines were evaluated to minimize potential impacts to streams and be economically feasible. Where feasible, horizontal directional drilling will be used to minimize land disturbance and avoid impacts to stream bed and banks.

l. Proposed use: Private Public Commercial

m. Proposed Start Date: Estimated Completion Date:

n. Has work begun on project? Yes If Yes, explain below. No

The installation of four test wells occurred in uplands. These test wells were tested to determine potential yield.

o. Will project occupy Federal, State, or Municipal Land? Yes If Yes, explain below. No

The location of the wells lie within property owned by the Town of New Paltz and managed by the Village of New Paltz.

p. List any previous DEC, USACE, OGS or DOS Permit / Application numbers for activities at this location:

None known.

q. Will this project require additional Federal, State, or Local authorizations, including zoning changes?

Yes If Yes, list below. No

Additional authorizations include a NYSDEC water withdrawal permit, State/County Department of Health approvals, and Town of New Paltz Planning Board approval.

7. Signatures.

Applicant and Owner (If different) must sign the application. If the applicant is the landowner, the **landowner attestation form** can be used as an electronic signature as an alternative to the signature below, if necessary. Append additional pages of this Signature section if there are multiple Applicants, Owners or Contact/Agents.

I hereby affirm that information provided on this form and all attachments submitted herewith is true to the best of my knowledge and belief.

Permission to Inspect - I hereby consent to Agency inspection of the project site and adjacent property areas. Agency staff may enter the property without notice between 7:00 am and 7:00 pm, Monday - Friday. Inspection may occur without the owner, applicant or agent present. If the property is posted with "keep out" signs or fenced with an unlocked gate, Agency staff may still enter the property. Agency staff may take measurements, analyze site physical characteristics, take soil and vegetation samples, sketch and photograph the site. I understand that failure to give this consent may result in denial of the permit(s) sought by this application.

False statements made herein are punishable as a Class A misdemeanor pursuant to Section 210.45 of the NYS Penal Law. Further, the applicant accepts full responsibility for all damage, direct or indirect, of whatever nature, and by whomever suffered, arising out of the project described herein and agrees to indemnify and save harmless the State from suits, actions, damages and costs of every name and description resulting from said project. In addition, Federal Law, 18 U.S.C., Section 1001 provides for a fine of not more than \$10,000 or imprisonment for not more than 5 years, or both where an applicant knowingly and willingly falsifies, conceals, or covers up a material fact; or knowingly makes or uses a false, fictitious or fraudulent statement.
