Approval of Agenda

Announcements We posted this on the Town’s website a week ago and everyone should have been sent a letter but people may have missed it, so this is to remind people. The Town of New Paltz is participating in the relaunch of [the Hudson Valley Community Power \(HVCP\)](#) program, which provides our eligible residents and small businesses with access to renewable electricity supply at competitive rates.

Based on the recommendations of the program managers we have **chosen the 50% Renewable Option as the default**. So eligible residents and small businesses will automatically be enrolled in the **50% New York State Renewable Option**, meaning that 50% of your electricity supply is matched by Renewable Energy Certificates (RECs) provided by New York State renewable power plants (hydropower, wind, solar).

If you want you can opt up and get **100% New York State Renewable Option**, 100% of your electricity supply is matched by Renewable Energy Certificates (RECs) provided by New York State renewable power plants (hydropower, wind, solar).

Or down and get **Standard option**, mixture of fossil fuels, nuclear, and some renewable energy.

Public Input* (see note above)

- 1. Swearing in of Officers Caelan Marsh and Tiffany Claud as full time police officers with the New Paltz Police Department**
- 2. Janelle Peotter to speak about Climate Smart Coordinator position**
- 3. Executive Session**
