

July 28, 2011 punishment

Present: DL, JL, KB, JAW, TH

Attorney Moriello joined the Board to discuss employee residency requirement- a list was created, to be double-checked. Refers to public officers, not necessarily all town employees. Authority of position arises complicating definition. Looked at Ethics law-elected public officers, members of boards and committees, department heads and their deputies under NYS, electors of the Town, would be required to live in NP. All employees are not required to be NP residents. BI. Code enforcement officer, assessor, deputy T clerk, deputy Highway Supt, all dept heads and supervisory personnel, supv, deputy supv, wetland inspector is public officer. Youth director, deputy town clerk, police officers and chief are exempt from this. DCO, purchasing officer, does not apply to independent contractor no written contract with assessor. Can't change positions set by state. We could exempt; BI, deputy, deputy highway and deputy, wetland inspector. Locals: officer is judgement be made. TH: we created conflict when we included some positions in our ethics law. Need to review job descriptions. JL: we should have finalized this months ago.
