

Town & Village of New Paltz
New Paltz, NY 12561

Emergency Preparedness Plan

Revised: August 2019
Initial Adoption: August 24, 2000

Plan revisions and maintenance are the responsibility of the Local Emergency Planning Committee (LEPC). This Plan is compliant with the National Incident Management System (NIMS). Copies may be requested through the Town of New Paltz Supervisor Office (854) 255-0604 and are located on the Town and Village website. Any changes to this Plan should be sent to the LEPC through the Town of New Paltz Supervisor or Village Mayor

Prepared by: Lt. Robert Lucchesi
Local Emergency Planning Chair

Purpose

The purpose of this plan is to cite the authority, formulate the procedure and provide the guidance for coordinated action in rendering assistance to citizens within the Town & Village of New Paltz, New York in the event of a disaster. A "disaster" is defined as the "occurrence or imminent threat of wide spread or severe damage, injury, or loss of life or property resulting from any natural or man-made causes, including, but not limited to, fire, flood, earthquake, hurricane, tornado, high water, landslide, mudslide, wind, storm, wave action, volcanic activity, epidemic, air contamination, blight, drought, infestation, explosion, radiological accident, water contamination, bridge failure or bridge collapse." Executive Law § 20(2)(a).

The New Paltz community may potentially see a variety of incidents which would require the activation of the Emergency Operations Center (EOC) in accordance with the Emergency Preparedness Plan. Potential natural community emergencies include blizzard, drought, flood, forest fire, hurricane and tornado. Other potential emergencies include structural collapse, power or energy failure, transportation accidents, aircraft accidents, civil disturbances, fire, highway accidents, water emergency and hazardous materials incidents.

Basis

Disaster planning is based on the New York State Defense Emergency Act, the regulations and orders of the State Defense Council and the State Civil Defense Commission; the Emergency Plan for the Natural Disaster of the State of New York; and the National Plan for Natural Disaster Mobilization.

Government Jurisdiction

The Village of New Paltz lies within the Town of New Paltz, just as the Town of New Paltz is within Ulster County, and Ulster County is in the State of New York, which falls under federal assistance.

Declaring a State of Emergency

It will be the responsibility of the Chief Elected Official presiding over their jurisdictional area, to Declare a State of Emergency for the in accordance with Article 2B of the New York State Executive Law after assessing the degree of a situation in consultation with the appropriate agencies (police, highway, fire department, rescue squad, town attorney, etc.).

When possible, the Town and Village should consult with each other about such a declaration.

The specifics of the state of emergency shall be determined upon such declaration and may include such special orders as; curfew, sale and consumption of alcohol, road closures, the suspensions of certain local laws, vehicular traffic, etc.

Once declared a state of emergency may remain in effect for no more than 5 consecutive days. Should a state of emergency be required for a longer period of time, extensions can be filed for up to an additional 5 days each. A state of emergency may be amended as necessary at any time.

Once declared the Chief Elected Official will notify the New Paltz Police Department Communications Bureau who will make verbal notification to:

- Ulster County Emergency Communications Center & Emergency Management Office
- New Paltz Fire Department
- New Paltz Rescue Squad
- Town of New Paltz Highway Department
- Village of New Paltz Department of Public Works
- University Police
- New York State Police
- Ulster County Sheriff's Department
- New Paltz School District

In order to effectively disseminate information regarding the State of Emergency the Chief Elected Official or their designee shall notify:

- area radio stations (list attached)
- area daily newspapers
- Local TV channels
- Various types of social media (Facebook, texting, etc.)
- Mid-Hudson Valley Chapter of the American Red Cross
- Family of New Paltz

If necessary

- CH Energy Group
- Verizon
- Spectrum (Charter Communications) formerly Time Warner Cable

Within 72 hours the Town shall file such declaration with the Town Clerk, County Clerk and the Secretary of State. The Ulster County Emergency Management Office will forward the declaration to the County Clerk and Secretary of State.

Emergency Operations Center

It is recognized that the Emergency Services operating within the Town & Village of New Paltz operate efficiently and in concert with each other on a daily basis. Often the command post of a major incident is at the scene of an emergency and adequately addresses the needs of the community. This plan is not intended to affect the manner or method by which our Emergency Services handle day-to-day operations. This plan is developed to be used in times of significant community wide emergencies, such as blizzard, drought, earthquake, flood, forest fire, hurricane, tornado, explosions, hazardous materials incident, prolonged community power failure, structural collapse, power or energy failure, transportation accidents, aircraft accidents, civil disturbances, fire, highway accidents, water emergency, etc. where the scope of the emergency taxes the capabilities of local emergency services, and where the community remains at risk.

When deemed necessary, the Chief Elected Official will initiate the activation process of the Emergency Operations Center (EOC). For a Town event, the EOC will operate at the direction of the Town Supervisor or their designee and once staffed will remain staffed until so relieved. For a Village event, the EOC will operate at the direction of the Village Mayor or their designee and once staffed will remain staffed until so relieved.

The primary EOC for the Town and Village of New Paltz will be in the training room of the New Paltz Rescue Squad, 74-78 North Putt Corners Road, New Paltz, NY. If for any reason the Rescue Squad Building cannot be used for the E.O.C., the New Paltz Police Department Briefing Room at 83 South Putt Corners Road will be utilized.

The following, by position (or designee), may be represented at the E.O.C.

Level 1 Operation (New Paltz Local Event):

Town of New Paltz, Supervisor
Village of New Paltz, Mayor
Town of New Paltz, Highway Superintendent
Town of New Paltz, Managing Supervisor of Buildings and Grounds
New Paltz Police Department, Police Chief
New Paltz Fire Department, Fire Chief
New Paltz Rescue Squad, Chief
Village of New Paltz, Superintendent of Public Works
State University of New York at New Paltz, Police Chief
State University of New York at New Paltz, President's Designee
New Paltz Central School District, Superintendent of Schools
State University of New York at New Paltz, Director of OEM
Local Emergency Plan Chair
New York State Police
New Paltz Central Schools Transportation Representative

Designated EOC Public Information Officer (PIO)
Woodland Pond Representative
Family of New Paltz Representative
Town of New Paltz Building Inspector
Village of New Paltz Building Inspector
Ulster County Sheriff's Office Representative
Recorder

Level 2 Operation (New Paltz Local Event): Includes all Level 1 and:

County of Ulster, Emergency Management Coordinator
CH Energy Group, Representative
Verizon, Representative
Mid-Hudson Valley Chapter of the American Red Cross, Representative
Time Warner Cable Representative
Others as deemed necessary

Communications

In order to enhance inter-agency communications all Town-wide emergency service, the Town, the Village, the New Paltz Central School District and SUNY New Paltz, key stakeholders, are encouraged to maintain the capability to communicate on the Town-Wide repeater frequency (153.800). A test of this system will be conducted by the New Paltz Police Department Communications Division on the second Tuesday of the month at 1:30pm. Current participants include; the office of the Town Supervisor, the officer of the Village Mayor, Town Highway Department, Village Department of Public Works, the police department, the fire department, the rescue squad, SUNY New Paltz Police Department, the New Paltz Central School District Office of Athletics and Director of Transportation and the Superintendent.

Functions of the E.O.C.

The function of the E.O.C. will be to provide for the coordination, communication and resource support to effectively handle the event. The specific functions shall include, but are not limited to:

- Assessing the emergency situation and making decisions on what actions should be taken.
 - Includes countermeasures to minimize the effects of the hazard: sandbags, generators, snow removal, tree removal, shelter activation etc..
- Distribution of a public warning and emergency information
 - Designation of a Public Information Officer (PIO) and the dissemination of information. All public information will be released only through the PIO.

- Public protection activities to assist people.
 - Includes activating shelter(s)
 - Evacuations
 - Transportation
 - Crowd Control
 - Maintain Order
- Periodic updates from Agency Representatives in the E.O.C. on the status of all departments involved.
 - Routinely scheduled reports from field personnel to E.O.C.
 - Routinely (periodic) briefing reports by E.O.C. Agency Representatives.
- Emergency care for victims.
- Restoring Vital Services
 - Power
 - Water
 - Transportation
 - Telephone, Cable Services, and Internet
- Damage Assessment
- Recovery
 - Short term
 - Long term

The E.O.C. will be responsible for the coordinated flow of communication among all departments involved. The E.O.C. will forward all warnings, directives, and information, etc. to their appropriate agencies for action and dissemination.

Physical requirements of the E.O.C.

- Functioning telephone service with the capability of effectively handling multiple phone calls simultaneously.
- Electricity.
- Heat / Air conditioning.
- Two-way radio communications with the ICP.
- Secure facility, isolated from direct public contact.
- Sanitary facilities.
- Internet capability with Wi-Fi access
- Local Maps
- Television
- Projection Capability
- Marker Boards
- Food and food storage

Essential Emergency Operations Records

The Town Clerk, functioning at the Town Hall, shall be responsible for the maintenance and availability of records, documents, plans and other written materials required during any declared emergency. The Village Clerk will be responsible for those emergencies solely in the Village. Municipal Department Heads will track applicable hours and expenses and file the same with the Clerk. Reimbursements to be filed by Finance.

Sequence of Action

Members of the Town and Village Boards will all assemble as soon as possible at their respective Halls, or at such other location at the direction of their Chief Elected Official. The respective Boards members will be expected to facilitate the needs of the E.O.C. and act as a liaison to the community. They will be the Chief Elected Official's liaison with the public, but provided, however, they will NOT release any public information until cleared by the EOC and PIO (Public Information Officer).

Town and/or Village employees will be expected to report to their designated work location for assignment. Department heads are responsible for notifying members of their department, as needed. Each department head is responsible for assuring maximum effectiveness and utilization of all personnel and equipment of the department to accomplish the Town's and/or Villages responsibilities. Each department head will retain control of the assigned department and implement orders received from the E.O.C.

Responsibilities and Functions

This plan shall follow the State of New York Executive Order Number 26 which outlines establishing a management system for Emergency Response, and the National Incident Management System (NIMS). This system utilizes the nationally recognized Incident Command System (ICS) with a unified command. The Incident Command System provides for coordinated response and a clear chain of command for safe operations. It is recognized that throughout such an incident it may be necessary for the Incident Commander to change based on current needs. Personnel involved in this plan as well as all municipal employees should receive a minimum training in IC 700 & ICS-100, arranged by the LEPC chairperson.

The Chief Elected Official is responsible for the conduct of disaster operations within the affected area and use any and all facilities, equipment, supplies, personnel and other resources of the Town/Village in such a manner as may be necessary or appropriate to cope with the disaster.

The Chief Elected Official may not, however, direct the use of the resources of another municipality in an emergency without that municipality's consent. With respect to other

municipalities, the Chief Elected Official is authorized to request and accept assistance from any other political subdivision on such terms and conditions as may be mutually agreed to with the chief executives of the requesting and assisting political subdivisions

The Chief Elected Official shall direct the activities of all jurisdictional agencies against the effects of the emergency in conformance with the approved plans for the rescue and relief of the people, and the recovery and rehabilitation of the community of New Paltz. The Supervisor or Mayor will utilize services of the EOC and its staff for the implementation of necessary measures to achieve emergency operations and shall have the following duties and responsibilities:

1. Filling the roles of Public Information Officer, Transportation Coordinator, Shelter Coordinator, and Personnel Coordinator. These duties may be delegated as deemed necessary.
2. Serve as Incident Commander;
3. Implement the comprehensive plan for the EOC;
4. Periodically brief the status of the situation to the EOC;
5. New York State Defense Emergency Act, Article 3, Section 22, Part 2 allows the Emergency Management Coordinator to appoint Deputy Directors as necessary.
6. The Ulster County Emergency Management Coordinator has appointed the Chief Elected Official of each municipality as deputy emergency management coordinators.

Public Information Officer (PIO) – under the direction of the Chief Elected Official, the PIO directs the dissemination of emergency information, the issuance of news reports to the public and notifies the County on the status and development of emergency measures. During times of Emergency it is essential that all communications be forwarded and handled through the Public Information Officer.

The PIO is responsible for an “Information Line” for residents to use in order to obtain additional information pertaining to the emergency. The “Hotline” phone number shall be communicated to the public via public radio and provided to the dispatchers at the New Paltz Police Department Communications Bureau. *Note: It is generally understood that the Town and Village Halls staff the information line under the direction of the PIO.*

Transportation Coordinator – is responsible for developing a method to transport community members to the shelter(s), delivering key personnel to work locations, facilitate transportation for other essential employees to get to work, and other transportation needs that arise.

Shelter Coordinator – is responsible for providing the necessary services required for the shelter. This includes ensuring the maintenance of basic services – safety, heat, food, water, rest room facilities, electricity, communications, shelter attendance, cots, etc.. They will be in charge of shelter operations and serve as the Liaison between the shelter and EOC until relieved by the American Red Cross or a government agency.

Personnel Coordinator – coordinates the many personnel needed to effectively carry out this plan. This includes the use of volunteer personnel to assist with shelter duties, Town & Village employees, etc..

Town Clerk / Village Clerk- is responsible for the maintenance and availability of essential records, documents and other materials required during the emergency.

Town Board / Village Board- shall be responsible to the residents of the Town and Village of New Paltz by ensuring the maintenance of essential services or providing adequate protection and substitute accommodations until the emergency is resolved. The Town Board / Village Board shall serve as a resource to the Town Supervisor / Village Mayor and the EOC and will follow ICS chain of command protocol.

EOC Manager – appointed and directed by the Chief Elected Official

1. Coordinates the emergency operations of the E.O.C..
2. Maintains order in the E.O.C.
3. Serves as the EOC person of contact for outside agencies.

New Paltz Fire Department – will be responsible for the direction of all action to contain and extinguish fires resulting from emergencies, removal of trapped and injured persons from damaged buildings and flooded areas, maintaining the general safety of the public from fire, downed wires, flooded areas, and when possible provide traffic control and emergency lighting, etc. It is anticipated that the Fire Department may call upon assistance from neighboring Fire Departments to provide supplemental services as may be necessary and that it may call upon the Ulster County Bureau of Fire, the Ulster County Office of Emergency Management and any other resource as it deems necessary for assistance.

New Paltz Police Department – will direct all action to maintain order, prevent looting, and help alleviate panic, direct injured persons to medical assistance, oversee the flow of traffic and respond to the needs of the public. The Police Department may call upon the services of other Law Enforcement agencies as may be deemed necessary.

New Paltz Rescue Squad – will be responsible for the treatment and transportation of the sick and injured to appropriate medical facilities. When there is an incident involving multiple casualties or when a shelter is established, it is anticipated that the Rescue Squad shall provide Emergency Medical Services (EMS) in the form of a field hospital. This field hospital shall be used to triage patient conditions and make transportation decisions. The Rescue Squad may call upon assistance from neighboring EMS agencies and any other resources it deems as may be necessary.

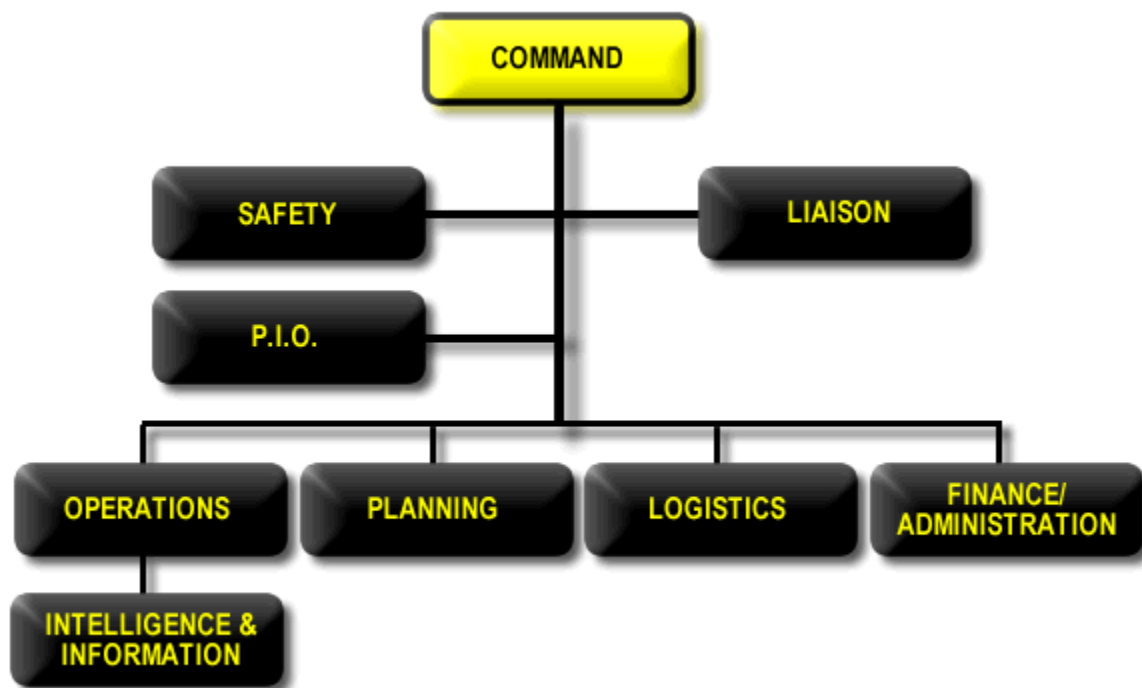

Highway Department – is responsible for the maintenance of streets, bridges, highways and all Town owned trucks, cars and equipment. The Highway Department will also ensure that fuel is available for all Town vehicles. The Highway Superintendent directs

action to check, restore and maintain streets, bridges, and highways. The Highway Department may call upon assistance from neighboring Highway Departments, CH Energy Group, Verizon or other local utilities as may be necessary.

Buildings & Grounds – is responsible for the maintenance of essential public facilities, public buildings and other vital community services and facilities.

Building Inspector – is responsible for ensuring that buildings are safe for habitation, posts buildings which cannot be occupied, assists in determining evacuation areas and is responsible for safety inspections of damaged homes and businesses before evacuees are allowed to re-occupy such buildings.

The ICS Chain of Command

- **Command Staff:** The Command Staff consists of the Public Information Officer, Safety Officer, and Liaison Officer. They report directly to the Incident Commander.
- **General Staff:** The organization level having functional responsibility for primary segments of incident management (Operations, Planning, Logistics, Finance/Administration). The Section level is organizationally between Branch and Incident Commander.
- **Branch:** That organizational level having functional, geographical, or jurisdictional responsibility for major parts of the incident operations. The Branch level is organizationally between Section and Division/Group in the Operations Section, and between Section and Units in the Logistics Section. Branches are identified by the use of Roman Numerals, by function, or by jurisdictional name.
- **Division:** That organizational level having responsibility for operations within a defined geographic area. The Division level is organizationally between the Strike Team and the Branch.
- **Group:** Groups are established to divide the incident into functional areas of operation. Groups are located between Branches (when activated) and Resources in the Operations Section.
- **Unit:** That organization element having functional responsibility for a specific incident planning, logistics, or finance/administration activity.

Shelter

Locations:

When conditions merit the activation of a shelter the following site has been designated. The SUNY New Paltz Athletic and Wellness Center is the primary shelter in times of need. Before activation of this shelter, coordination between the EOC and the SUNY President (or designee) must be done. This is to ensure proper procedures for transportation of residents and transportation routes are accomplished before shelter activation.

The ***alternate shelter site*** is the Town of New Paltz Community Center. When emergency power is required at this shelter an alternative location with power should be identified by the EOC. Alternative locations include the New Paltz Middle School and/or other school facilities with power

Activation Procedures:

Once the need for a shelter is identified, the Mid-Hudson Valley Chapter of the American Red Cross will be immediately notified. The Shelter Coordinator as designated by the E.O.C will open and maintain control of the shelter until arrival of the ARC. The American Red Cross is generally recognized as the agency responsible for disaster relief and shelter coordination. The Mid-Hudson Valley Chapter of the American Red Cross should be contacted when it has been determined that a shelter activation is required. The Eastern New York Region of the American Red Cross Emergency Communication Center phone number is 800-831-0927. A request will be made for the Mid-Hudson Valley Chapter of the American Red Cross to assist with shelter operations.

Sometime after shelter activation (usually 24 – 72 hrs.) the American Red Cross will assume control of the shelter and its operation. After the Red Cross has assumed control the Shelter Coordinator will assist them in an advisory capacity until shelter deactivation. When deactivation of the shelter occurs, the Shelter Coordinator will ensure all deactivation procedures are completed before returning the Event Center to SUNY New Paltz. If the designated Shelter Coordinator is an ARC trained shelter manager then upon initial activation the Shelter will be designated a Red Cross Shelter.

The Mid-Hudson Valley Chapter of the American Red Cross (ARC) provides its own staff to manage and staff the shelter for the entire time that it is open. The ARC requests that a SUNY New Paltz (Athletic and Wellness Center used) or a Town Buildings and Ground person (Community Center used), or school district representative (Middle School used) accompanies them on their initial opening site inspection of the facility as well as the closing site inspection. The E.O.C. Shelter

Coordinator will also accompany the ARC. The ARC is responsible for all costs incurred by the operation of the shelter. This includes any supplies and food owned by SUNY or the school district which are used, as well as utility costs that are incurred as the result of the operation. Additionally, the ARC assumes liability for any insurance issues as a result of the shelter operation (once they have taken control of the shelter operation).

The ARC will supply workers to staff the shelter, cots and bedding and food. The local chapter of the ARC has approximately 300 blankets and 100 cots available within 12 hours and significantly larger numbers available later in the incident.
