

Town Board Re-Organizational Meeting
January 5, 2015
7:30 P.M.

Present: Supervisor Susan Zimet, Deputy Supervisor Jeff Logan, Councilman Dan Torres, Councilwoman Jean Gallucci, Councilman Kevin Barry.

At 7:45 p.m., a motion was made by Councilman Barry to open the re-org meeting with the pledge. Seconded by Councilman Logan, all aye votes cast, motion carried.

Public Comment:

Councilman Barry indicated that he was saddened by the letter in the newspaper written by Councilman Torres. The letter indicated the notion that Tim Roger's role on the School Board posted a conflict is not based on legal opinion. Councilman Barry quoted General Municipal Law, Section 801 that states "The phrase "Conflict of Interest" refers to a concept that has a very broad application. It comes into play with virtually anytime an individual confronts some form of divided loyalty. The NYS Attorney General's Opinions are replete with cases finding that divided loyalties often occur from a person holding positions in more than one municipality, and this results in a finding of incompatibility of office. School Districts and Towns fall within the definition of a "municipality", under section 800 of the General Municipal Law. Divided loyalties affect a person's impartiality and in the public's eyes creates an appearance of impropriety." Recusal would have been an option for the former Planning Board member, but he chose not to recuse himself from the School Board discussion and the ultimate vote, which condemned the Town Board. Such a vote has the potential of undermining the Town Board's ability to meet the objectives of its Comprehensive Master Plan and other studies, directives and resolutions designed to bring vital infrastructure to the S. Putt Industrial Corridor. In failing to recuse himself, the Planning Board member placed his loyalty in this matter with the School District. The School Board resolution was approved by the same Planning Board member without consulting the members of the Town Board, the Town Planning Board or the Town Engineer for purposes of determining if recusal from the School Board was prudent under the circumstances. The School Board indicated in a statement that the School would use all of its available resources to stop the Town Board from pursuing its objectives. Under these circumstances, his decision not to reappoint the Planning Board member had a sound legal and rational basis, and he takes exception to the characterization.

Councilman Torres apologized to Councilman Logan for inferring that the information Councilman Logan provided about Tim Roger's re-appointment to the Planning Board was incorrect.

Procurement Policy:

A motion was made by Councilman Logan to adopt the following Town of New Paltz Procurement Policy. Seconded by Councilman Barry, all aye votes cast, motion carried.

1. Every purchase to be made must be initially reviewed to determine whether it is a purchase contract or a public works contract. Once that determination is made, a good faith effort will be made to determine whether it is known or can reasonably be expected that the aggregate amount will be spent in a year. The following items are not subject to competitive bidding pursuant to §103 of the General Municipal Law: purchase contracts under \$20,000.00 and public works contracts under \$35,000.00; emergency purchases; goods purchased from agencies for the blind or severely handicapped; goods purchased from correctional institutions; purchases under State and County contracts; and surplus and second-hand purchases from another governmental entity.
 - a. The decision that a purchase is not subject to competitive bidding will be documented in writing by the individual making the purchase. This documentation may include written or verbal quotes from vendors, a memo from the purchaser indicating how the decision was arrived at, a copy of the contract indicating the source which makes the item or service exempt, a memo from the purchaser detailing the circumstances which lead to an emergency purchase, or any other written documentation that is appropriate.
 - b. Attached hereto and made a part hereof and marked “Schedule A” is a list identifying the individual or individuals responsible for purchasing under this Procurement Policy and their respective titles. Such list shall be updated by the Town Board not less frequently than biennially, commencing as of January 1, 2009.
2. All goods and services will be secured by use of written requests for proposals, written quotations, verbal quotations, or any other method that assures that goods will be purchased at the lowest price and that favoritism will be avoided, except in the following circumstances:

purchase contracts over \$20,000.00 and public works contracts over \$35,000.00; goods purchased from agencies for the blind or severely handicapped pursuant to §175-b of the State Finance Law; goods purchased from correctional institutions pursuant to §186 of the Correction Law; purchases under State contracts pursuant to §104 of the General Municipal Law; purchases under county contracts pursuant to §103(3) of the General Municipal Law; or purchases pursuant to subdivision 6 of this policy.

3. The following method of purchase will be used when required by this policy in order to achieve the highest savings:

<u>Estimate Amount of Purchase Contract</u>	<u>Method</u>
\$1,000.00 - \$4,999.00	3 verbal or telephone quotations
\$5,000.00 - \$20,000.00	3 written/fax quotations or written request for proposals
<u>Estimate Amount for Public Works Contract</u>	<u>Method</u>
\$1,000.00 - \$14,999.00	3 verbal or telephone quotations
\$15,000.00 - \$35,000.00	3 written/fax quotations or written request for proposals

A good faith effort shall be made to obtain the required number of proposals or quotations. If the purchaser is unable to obtain the required number of proposals or quotations, the purchaser will document the attempt made at obtaining the proposals. In no event shall the failure to obtain the proposals be a bar to the procurement.

4. Documentation is required of each action taken in connection with each procurement.
5. Documentation and an explanation is required whenever a contract is awarded to other than the lowest responsible offer or. This documentation will include an explanation of how the award will achieve savings or how the offeror was not responsible. A determination that the offeror is not responsible shall be made by the purchaser and may not be challenged under any circumstances.
6. Pursuant to General Municipal Law §104-b(2)(f), the procurement policy may contain circumstances when, or types of procurements for which, in the sole discretion of the governing body, the solicitation of alternative proposal or quotations will not be in the best interest of the municipality. In the following circumstances it may not be in the best interest of the Town of New Paltz to solicit quotations or document the basis for not accepting the lowest bid:
- a. Professional services or services requiring special or technical skill, training of expertise. The individual or company must be chosen based on accountability, reliability, responsibility, skill, education and training, judgment, integrity, and moral worth. These qualifications are not necessarily found in the individual or company that offers the lowest price and the nature of these services are such that they do not readily lend themselves to competitive procurement procedures.

In determining whether a service fits into this category the Town Board shall take into consideration the following guidelines: (a) whether the services are subject to State licensing or testing requirements; (b) whether substantial formal education or training is a necessary prerequisite to the performance of the services; and (c) whether the services require a personal relationship between the individual and municipal officials.

Professional or technical services shall include but not be limited to the following: services of an attorney; services of a physician; technical services of a physician; technical services of an engineer engaged to prepare plans, maps and estimates; securing insurance coverage and/or services of an insurance broker; services of a certified public accountant; investment management services; printing services involving extensive writing, editing or art work; management of municipally owned property; and computer software of programming services for customized programs, or services involved in substantial modification and customizing of pre-packaged software.

- b. Emergency purchases pursuant to §103(4) of the General Municipal Law. Due to nature of this exception, these goods or services must be purchased immediately and a delay in order to seek alternate proposals may threaten the life, health, safety and welfare of the residents. This section does not preclude alternate proposals if time permits.
- c. Purchases of surplus and second-hand goods from any source. If alternate proposals are required, the Town is precluded from purchasing surplus and second-hand goods

at auctions or through specific advertised sources where the best prices are usually obtained. It is also difficult to try to compare prices of used goods and a lower price may indicate an older product.

- d. Goods or services under \$1,000.00. The time and documentation required to purchase through this policy may be more costly than the item itself and would therefore not be in the best interests of the taxpayers. In addition, it is not likely that such de minimis contracts would be awarded based on favoritism.
7. This policy shall go into effect upon the date of adoption of this resolution and shall remain in effect through December 31, 2015 and shall be reviewed prior to the 31st day of January, 2016 and annually thereafter prior to January 31st of each succeeding year.

Town of New Paltz Issued Credit Card Policy

The Town of New Paltz will issue municipal credit cards to certain employees for use in their jobs; this policy sets out the acceptable and unacceptable uses of such credit cards. Use of municipal-issued credit cards is a privilege, which the Town of New Paltz may withdraw in the event of serious or repeated abuse. Any credit card the Town of New Paltz issues to an employee must be used for business purposes only, in conjunction with the employee's job duties. Employees with such credit cards shall not use them for any non-business, non-essential purpose, i.e., for any personal purchase or any other transaction that is not authorized or needed to carry out their duties. Employees must pay for personal purchases (i.e., transactions for the benefit of anyone or anything other than the Town of New Paltz) with their own funds or personal credit cards. The Town of New Paltz will not regard expenses for one's own business-related use, such as lodging and meals while on municipal-approved business trips, as personal purchases, as long as such expenses are consistent with the Town of New Paltz's travel and expense reimbursement policy. If any employee uses an municipal credit card for personal purchases in violation of this policy, the cost of such purchase(s) will be considered an advance of future wages payable to that employee, and will be recovered in full from the employee's next paycheck; any balance remaining will be deducted in full from subsequent paychecks until the wage advance is fully repaid. Such deductions may take the employee's pay below minimum wage for the pay period(s) in question. If an employee uses an municipal credit card for any other type of unauthorized transaction in violation of this policy, i.e., incurs financial liability on the Town of New Paltz's part that is not within the scope of the employee's duties or the employee's authorization to make business-related purchases, the cost of such purchase(s) or transaction will be the financial responsibility of that employee, and the employee will be expected to reimburse the Town of New Paltz via deductions from pay until the unauthorized amount is fully repaid. Such deductions will be in the amount of the unauthorized purchase(s), but if a deduction for such amount would take the employee below minimum wage for the workweek in question, the deductions will be in two or more equal increments that will not take the employee's pay below minimum wage for any workweek involved. In addition to financial responsibility and liability for wage deductions, any purchases an employee makes with a municipal credit card in violation of this policy will result in disciplinary action, up to and possibly including termination of employment, depending upon the severity and repeat nature of the offense.

Agreement for Wage Deductions Associated with Improper Use of Municipal-Issued Credit Card

I, _____, hereby certify that I understand and agree to abide by the Town of New Paltz's policy regarding use of municipal-issued credit cards, a copy of which I have received, and which has been explained to me. I agree that if I make any personal purchases (i.e., transactions for the benefit of anyone or anything other than the Town of New Paltz in violation of that policy, the amount of such purchases is an advance of future wages payable to me, that the Town of New Paltz may deduct that amount from my next paycheck, and that if there is a balance remaining after such deduction, the Town of New Paltz may deduct the balance of the wage advance from my future paychecks until the amount is repaid in full. I further agree that if I make any non-personal transactions in violation of the policy in question, i.e., incur financial liability on the Town of New Paltz's part that is not within the scope of my duties or my authorization to make business-related purchases, I am financially responsible for any such expenses and agree to reimburse the Town of New Paltz via wage deductions for such amounts until the unauthorized amounts are fully repaid. Such deductions will be in the amount of the unauthorized purchase(s), but if such amount would take my pay below minimum wage for the workweek in question, the deductions will be in two or more equal increments that will not take my pay below minimum wage for any workweek involved.
